Alexandria's Green Infrastructure

Our featured speaker will be Rod Simmons, the City's Natural Resources Manager, to discuss the City's "green infrastructure" and what we can do to contribute. Rosemont is home to a portion of Hooff's Run, as well as neighbors Ivy Hill Cemetery and Shuter's Hill (better known as the Masonic Memorial) - all important resources.

Additionally, Captain Williams of the Sheriff's Department will talk to us about Project Lifesaver, a tracking service to assist individuals with cognitive conditions and Lieutenant Bailey of the Police Department will give us an update on safety issues.
